The weather was good, so he went for a walk, though he crossed the street repeatedly to avoid passing newspaper-vending machines..He prepared his knives and guns. Blades and bullets. Fortune favors the bold, the

self-improved, the self-evolved, the focused..They agreed that to the outside world, Barty must continue to appear to be a sightless man-or otherwise either be treated like a freak or be subjected, perhaps unwillingly, to experimentation. In the modern world, there was no tolerance for miracles. Only family could be told of this development..Evidently, last evening, prior to keeping a dinner date with Victoria, when the taunting detective had illegally entered Junior's house and placed another quarter on the nightstand, he had seen the directory open on the kitchen table. Deducing the meaning of the red check marks, he inserted this card and closed the book: another small assault in the psychological warfare that he'd been waging..When the police operator answered, Junior shrieked, "I've been shot! Jesus! Shot! Help me, an ambulance, oooohhhh shit! Hurry!".Agnes winced. Already, another contraction. Mild but so soon after the last. She clasped her hands around her immense belly and took slow, deep breaths until the pain passed..Beautiful she was, both of face and form, even with her mouth gaping wide and her eyes rolled back in her skull. How bright her future might have been if she had not chosen to deceive. A tease was, in essence, a deceiver-promising what she never intended to deliver.. "To support my eyelids. And because without anything in the sockets, I look gross. People barf. Old ladies pass out. Little girls like you Pee their pants and run screaming.."Heart racing, but reminding himself that strength and wisdom arose from a calm mind, Junior stood in the center of the small kitchen, slowly turning to study every angle of the room..Yet Agnes feared him, for reasons similar to those that might cause a superstitious primitive to tremble in the presence of a witch doctor. Although he was a healer, his dark knowledge of the mysteries of cancer seemed to give him godlike power; his judgment carried the force of fate, and his was the voice of destiny..By the time the family was ushered out, protesting, at the end of evening visiting hours, Junior hadn't succumbed to their pressure. If his conversion was to appear convincingly reluctant, he would have to resist them for at least another few days..He bought knives. And then sheaths for the knives. He acquired a knife-sharpening kit and spent the evening grinding blades..use it. The cop was no threat to the English army, as Joan had been, but as far as Junior was concerned, the creep most definitely deserved to be burned at the stake.. "Are you all right?" he asked as he opened the passenger's door and helped her into the car..Antihypertensive drugs were administered intravenously, and Phimie was confined to bed, attached to a heart monitor..Still relishing her little pretense of rejection, Victoria did not touch the rose. "What kind of woman do you think I am?".On his nightstand, he found an envelope evidently placed there by Hanna, after she'd taken it from his pharmacy smock, which he had given her to launder. The envelope contained the letter about Agnes Lampion that Paul had written to Reverend White in Oregon..where everyone spoke a single language and had all the blueberry pies they needed..A forgetful client had left the bumbershoot in the office six months ago. Otherwise, Nolly wouldn't have had any umbrella at all..NOLLY FELT A little silly, walking the mean streets of North Beach under a white umbrella with red polka dots. It kept him dry, however, and with Nolly, practical considerations always triumphed over matters of image and style..Embarrassment flushed her when she realized that the paramedic had cut away the pants of her jogging suit. She was naked from the waist down..Joey rested not under the stern watch of the cypresses, but near a California pepper tree. With its graceful, cascading boughs, it appeared to stand in meditation or in prayer..Instead, he was given a small color brochure featuring samples of the artist's work. It also contained the same photograph of her smiling face that graced the window.. "Simon's a funny duck," Vanadium said, "but I like him more than a little and trust him implicitly. He wanted to know what he could do to help. Initially, my speech was slurred, I had partial paralysis in my left arm, and I'd lost fifty-four pounds. I wasn't going to be looking for Cain for a long time, but it turned out Simon knew where he was..".Tom Vanadium was too unnerved by the Cain scare to be interested in the newspaper anymore. The strong black coffee, superb before, tasted bitter now..Copyright (c) 2001 by Ursula K. Le Guin All rights reserved. No part of this publication may be reproduced or transmitted in any form or by any means, electronic or mechanical, including photocopy, recording, or any information storage and retrieval system, without permission in writing from the publisher..Sitting on a stool at the counter, he ordered a cheeseburger, coleslaw, french fries, and a cherry Coke..In the kitchen, a delicious aroma wafted from the oven. On the stove stood a large pot over a low flame, and nearby was pasta to be added to the water when it came to a boil.. "That's enough?" "Silly man." "Cain looks like a movie star." "Does he have nice teeth?" she asked. "They're good. Not perfect." "So kiss me, Mr. Perfect..".Crossing Spruce Hills with John, Paul, George, Ringo, and dead Thomas, Junior headed back toward Victoria's place, where Sinatra was no longer singing..After taking a minute to steel himself, Junior squatted next to the dead detective..Junior was stunned that the bitch had come back into his life, to ruin him, almost two years later. Zedd teaches that the present is just an instant between past and future, which really leaves us with only two choices-to live either in the past or the future; the past, being over and done with, has no consequences unless we insist on empowering it by not living entirely in the future. Junior strove always to live in the future, and he believed that he was successful in this striving, but obviously he hadn't yet learned to apply Zedd's wisdom to fullest effect, because the past kept getting at him. He fervently wished he hadn't simply broken up with Tammy Bean, but that he had strangled her instead, that he had strangled her and driven her corpse to Oregon and pushed her off a fire tower and bashed her with a pewter candlestick and sent her to the bottom of Quarry Lake with the gold Rolex stuffed in her mouth..Down the stairs, through the ground floor, quickly, soundlessly, breath held at times, listening for the other's breathing, listening for the softest squeak of rubber-soled shoes, although the hard clack of cloven hoofs and a whiff of sulfur would not have been surprising. At last he went to the kitchen, full circle from the shiny quarter on the breakfast table to the quarter again. No Cain..Saturday morning, he walked to a drugstore in town and purchased eight decks of cards. With four, he passed the day re-creating, again and again, what he'd done at the dining-room table the previous evening. The four knaves never appeared..In all their years, neither twin had ever set foot beyond the limits of Bright Beach. They both appeared nervous but determined..To have the best chance of becoming a master mechanic, any young apprentice needs a mentor. The art of total card control cannot be learned entirely from books and experimentation..If the wife killer had cut himself accidentally, his writing on the wall indicated a hair-trigger temper and a deep reservoir of long-nurtured anger..At the far end of the table, Agnes shot up from her chair as her son said rain, and as he said wet, she spoke warningly: "Barty!".This comment left Tom nonplussed. He could only imagine that Jacob had known someone who died in that crash-yet the twin's tone of voice and his expression seemed to suggest that a world without the Bakersfield train wreck would be a less convivial place than one that included it.. "He must've listened on the car radio," Agnes said, digging down into the layered days in her packed trunk of memories. "He was trying to get ahead of his work, so he'd be able to stay around the house a lot during the week after the baby came. So he arranged to meet with some prospective clients even on Sunday. He was working a lot, and I was trying to deliver my pies and meet my other obligations before the big day. We didn't have as much time together as usual, and even as impressed as he must've been with the sermon, he never had a chance to

tell me about it. The next-to-last thing he ever said to me was 'Bartholomew.' He wanted me to name the baby Bartholomew." As he was wheeled headfirst into the operating room, Barty raised off the gurney pillow. He fixed his gaze on his mother until the door swung shut between them. "Quick, very quick," he warned, helping Grace through the fire framed window and onto the roof of the porch. "This will stay with you," Mary said. "It's shared sight from all the other yous in all the other places, but you won't have to make any effort to hold on to it. No headaches. No problems ever. Merry Christmas, Daddy." After the service, among those who came to Agnes at graveside, trying to express the inexpressible, was Paul Damascus, the owner of Damascus Pharmacy on Ocean Avenue. Of Mideastern extraction, he had dark olive skin and, incredibly, rust--red hair. With his rust-red eyebrows, lashes, and mustache, his handsome face looked like that of a bronze statue with a curious patina. As impressed as Agnes had been with the sample orbs that she'd been shown, she allowed no hope that the singular beauty of Barty's striated emerald-sapphire eyes would be re-created. Although the artist's work might be exquisite, these irises would be painted by human hands, not by God's. At last: the humiliating backless gown, the precious drugs, even a pretty nurse who seemed to like him, and then oblivion. Junior attended a New Year's Eve party with a nuclear-holocaust theme. Festivities were held in a mansion usually hung with cutting-edge art, but all the paintings had been replaced with poster-size blowups of photos of ruined Nagasaki and Hiroshima. Not incidentally, the project served as a vehicle by which some older citizens, in financial crisis, could receive money in a way that spared their dignity, gave them hope, and repaired their damaged self esteem. Agnes asked Obadiah to enrich the project by accepting a one year grant to record the story of his life with the help of the head librarian. The tenderness with which Grace acceded to Phimie's desire, at the expense of her own peace of mind, filled Celestina with emotion. She'd always admired and loved her mother to an extent that no words-or work of art-could adequately describe, but never more than now. But on March 23, 1966, after a bad date with Frieda Bliss, who collected paintings by Jack Lientery, an important new artist, Junior had an experience that rocked him, added significance to the episode in the diner, and made him wish he hadn't donated his pistol to the police project that melted guns into switchblades. White as a Viking winter, these magnificent choppers, and as straight as the kernel rows in the corn on Odin's high table. Superb occlusal surfaces. Exquisite incisor ledges. Bicuspids of textbook formation nestled in perfect alignment between molars and canines. Standing near the foot of the bed in a shapeless blue suit, Vanadium might have been the work of an eccentric artist who had carved a man out of Spam and dressed the meaty sculpture in thrift-shop threads. He had dragged Ichabod halfway across the threshold when he heard someone say, "No." Sliding Victoria's chair away from the table, he turned her to face him. He adjusted her body so that her head was tipped back and her arms were hanging slack at her sides. When the nurse was gone, alone with his mother as they waited for the orderly to bring a gurney, Barty said, "Come close." Assisted by Edom and Jacob, Agnes-in a wheelchair-was rolled across the grass, between the headstones, to her husband's final resting place. Although no longer in danger of renewed hemorrhaging, she was under doctor's orders to avoid strain. This wasn't a new sensation. He had experienced it before. In the night just passed, when he awakened from an unremembered dream and saw the bright quarter dancing across Vanadium's knuckles. Junior had heard of this invention, but until now he'd never seen one. He supposed that an obsessive like Vanadium might go to any lengths, including this exotic technology, to avoid missing an important call. Five days later, on Barty's birthday morning, when Agnes and Edom were in the kitchen, making preparations for the visits that had earned her the affectionate title of Pie Lady, Barty was in his highchair, eating a vanilla wafer lightly dampened with milk. Each time a crumb fell from the cookie, the boy plucked it off the tray and neatly conveyed it to his tongue. Barty, didn't watch much television. He'd been up late enough to see Red Skelton only a few times, but that comedian always drew gales of laughter from him. When Renee realized that this rejection was complete and final, she-he, whatever-was transformed from well-sugared southern lady to bitter, venomous reptile. Eyes glittering with fury, lips twisted and skinned back from her teeth, she called him all kinds of bastard, stringing epithets together so effortlessly and colorfully that she enhanced his vocabulary more than had all the home-study courses that he'd ever taken, combined. "And face it, pretty-boy, you knew what I was from the moment you offered to buy me a drink. You knew, and you wanted it, wanted me, and then when we got right down to the nasty, you lost your nerve. Lost your nerve, pretty-boy, but not your need." Still pretending sleep, Junior delighted in the realization that the detective himself had dragged a red herring across the trail and was now busily following this distracting scent. Reading about child prodigies, Agnes learned that most if not all math whizzes also possessed musical talent. To a lesser but still impressive extent, many young geniuses in the music world were also proficient at math. As Barty ascended higher, Agnes's fear became purer, but at the same time, she was filled with a wonderful, irrational exhilaration. That this could be accomplished, that the darkness could be overcome, struck music from the harpstrings of the soul. From time to time, the boy paused, perhaps to rest or to mull over the three-dimensional map in his incredible mind, and every time that he started upward again, he put his hands in exactly the right place, whereupon Agnes would speak a silent inner yes! Her heart was with Barty high in the tree, her heart in his, as he had been with her, safe inside her womb, on the rainy twilight that she had ridden the spinning, tumbling car to widowhood. As was true of the entire house, the bedroom was immaculate. The wood floor gleamed as though polished by hand. A simple white chenille spread conformed to the bed as smoothly and tautly as the top blanket tucked around a soldier's barracks bunk. She was also a cat lover, working with the Kitten Conservatory to save abandoned felines from death in the city pound. She was the charity's investment manager. Within ten months, Tammy grew twenty thousand in Conservatory funds into a quarter million by speculating in the stock of a South African firm that hit big selling germ-warfare technology to North Korea, Pakistan, India, and the Republic of Tanzania, whose chief export was sisal. "Bullpoo might not be what they say, but it's the worst that we say. And in fact, in this house, bulldoody is preferred." Kid's room. Bartholomew's room. Furniture in cheerful primary colors. Pooh posters on the wall. He was able to play peekaboo in his fifth month instead of his eighth, stand while holding on to something in his sixth instead of eighth. Apparently, he didn't lean back far enough, because amazingly he landed on his feet in the winter-faded grass. The shock buckled him, and he dropped to his knees. Still cradling Grace, he lowered her to the ground as gently as he'd ever lowered fragile Perri onto her bed-quite as if he had planned it this way. His entire body throbbed from his neck to the tips of his nine toes. His legs were the worst, filled with hot twisting agony. "We'll need to talk about this a lot in the days to come, as we both have more time to think about it." In the instant that Junior had shoved Naomi into the rotted railing, he had foreseen this visit from Rudy, Sheena, and Kaitlin. He'd known he could pretend to be offended at the state's offer to put a price on his loss, could feign revulsion, could resist convincingly--until gradually, after grueling days or weeks, he reluctantly allowed the indefatigable. Shortly before three o'clock, Thursday afternoon, in a state of agitation, Barty raced into the kitchen, where Agnes was baking

buttermilk-raisin pies. Holding Red Planet open to pages 104 and 105, he complained urgently that the library copy was defective. "There's twisty spots in the print, twisty-funny letters, so you can't just exactly read all the words. Can we buy our own copy, go out and buy one right now?". Even Angel, mere wisp of a cherubim, couldn't squeeze through a seven-inch opening. She remained fixated on the card that she had just dealt, and for a while she didn't speak, as though the eyes of the paper knave held her in thrall. Finally she said, "Monster. Human monster.". In his entire life, Junior had never suffered this much pain without first having killed someone. Reluctant to depart until certain that his student was out of danger physically, emotionally, and mentally, Bob Chicane stayed until three thirty. When he left, he broke some bad news to Junior: "I can't keep you on my student list, man. I'm sorry, but you're way too intense for me. Way too intense. Everything you do. All the women you run through, this whole art thing, whatever all those phone books are about-now even meditation. Way too intense for me, too obsessive. Sorry. Have a good life, man.". Shaking his head, his coffee cup rattling against the saucer, Edom said, "Uh, no, sir, no, I don't think we've ever met till now.". The can struck Junior hard in the face, breaking his nose, before he could duck. No one could put him in prison because of his dreams. "I can't remember. Those are the worst, when you're not able to remember them-don't you think? They're always so silly when you can recall the details. When you draw a blank ... they seem more threatening.". Munching an Almond Joy, Junior returned to the phone book, with no choice but to find Bartholomew the hard way. Junior blinked and dared not speak, because he didn't know any Bartholomew, and now he was certain the cop was weaving an elaborate web of deceit, setting a trap. Why would he have spoken a name that meant nothing to him? and humble. They managed to worry up tuition for art school, but Celestina worked as a waitress to pay for her studio apartment and other needs. The boy fell and rolled even as he pitched the can, anticipating the shots that Cain fired, which cracked into the doorframe inches from Tom's knees.
